

Code *FASTER* and more accurately!

Perpetual off-line stand alone license – this is the complete, affordable procedure coding tool without ongoing subscription fees

PT Procedural TurboCoder

- **CPT® Codes with Index**
with MUE's & RVU's in context
- **HCPCS Level II**
with MUE's & RVU's in context
- **MPFS with GPCI**
- **All Guidelines**

Procedural TurboCoder (PT) combines the procedural classifications – CPT® Codes complete with full CPT Codes Index and HCPCS Level II, RVU's, MUE's, MPFS and more, to provide a one-stop procedure reference tool. PT will increase the quality of your coding decisions and help you avoid costly denials and rework.

PT provides instant off-line access to CPT Codes Index, CPT Codes and HCPCS Level II, with MUE's and RVU's in context, and MPFS with GPCI codes etc. with their associated Guidelines and authorized addenda.

The PT includes all the CPT Codes Index, CPT Codes and Guidelines with the same section color coding as the book, and both the CPT and HCPCS have all the relevant RVU and MUE links shown in context, with all "● Added 2015" and "▲ Revised 2015" codes flagged with their respective symbols. The complete Medicare Physician Fee Schedule (MPFS) is also included, along with the Geographic Practice Cost Index (GPCI) with direct links to the CPT Codes .

Turbosearch with Pre-Emptive Search Spelling Help

CPT is a registered trademark of the American Medical Association.

(PSSH) guarantees that users will find what they need even if misspelled.

TurboCoder utilizes powerful, proven technology that's easy to use. It will enable your practice to code medical records faster and more accurately than ever before.

TurboCoder is the foremost ICD-10 digital reference tool used by Medical Coders, Health Information Managers, Clinicians and Health Researchers internationally, including the **World Health Organization** for their ICD-10 publication for more than 12 years.
